NS Amendment/Modification	<i>[agreement type and mod type & number - e.g., SRA Amendment 1]</i>	Executed amendments/modifications; Also see comments above for NS Agreement.
NS Other Documents	<i>[simple, clear description]</i>	Other award-related documents not covered by specific document types. May include: Questionnaire for NDAs/DUAs
NS Negotiation: Agreement: Draft	<i>[date draft was received at RAS or sent to sponsor - e.g. RAS sent 1/1/14]</i>	Draft agreement provided by sponsor and not signed by MIT. Multiple drafts may be saved for future reference on negotiations, notes and terms sponsor was willing to change.
NS Negotiation: Amendment/Modification: Draft	<i>[date draft was received at RAS or sent to sponsor - e.g. RAS sent 1/1/14]</i>	Draft amendments/modifications provided by sponsor and not signed by MIT. Multiple drafts may be saved for future reference on negotiations, notes and terms sponsor was willing to change.
NS Internal Approvals/Requests: Includes sensitive information	KC Changes - DLC requests	Requests by DLC related to Funds distribution or other changes to data in Quali Coeus - that include sensitive information.
NS Internal Approvals/Requests: Includes sensitive information	Cost Sharing Template	Request to enter or update cost sharing plan via template or otherwise; Approvals from DLCs, Deans, etc. to provide cost sharing. Salary info is contained in template, so it needs to be NS. DLC users should contact the RAS CA for the award to request electronic files as needed.
	DLC Change	Internal approvals/requests related to change in DLC associated with award/WBS - that include sensitive information.
	Fab Equipment	Internal approvals/requests related to Fabricated Equipment WBS - that include sensitive information. Should be attached to FabE child WBS.
	Pending WBS	Internal approvals/requests related to setting up / continuing an account using the Pending status - that include sensitive information. Should include back up account authorization.
	File Memo	Justification for unusual award conditions should be documented for the file, but should not necessarily be included in Quali Coeus comments.
	Backfill Budget	Documentation for backfill of Sponsor-Approved Budget (SAB) for awards created prior to the SAB Go-Live (May 4, 2015). Includes: budget or DLC confirmation that no detailed budget was submitted to sponsor.
	<i>[simple, clear description]</i>	Other post award approvals/requests - that include sensitive information.

NS Other Documents	<i>[simple, clear description]</i>	Scanned documents from files other than awards, modifications, approvals/requests. This may include emails between DLC and RAS.
NS Interim Reports	Fiscal	Cost-sharing reports; DLC fiscal reports or transmittal docs
	Intellectual Property	Patent and/or copyright reports or transmittal docs
NS Interim Reports	Procurement	
	Property	Property report and/or transmittal docs
	Technical/Management	Progress/status report and/or transmittal docs
	Progress Report/Continuation Proposal	Progress report which requires RAS signature or submission and/or transmittal docs
	<i>[simple, clear description]</i>	
Close-out Documents	Fiscal	Final reports or transmittal docs
	Intellectual Property	Final reports or transmittal docs
	Procurement	Final reports or transmittal docs
	Property	Final reports or transmittal docs
	Technical/Management	Final reports or transmittal docs
	VPF Closeout	Final reports or transmittal docs
	VPF Revised Closeout	Final reports or transmittal docs
	VPF Closeout and Final Report	Final reports or transmittal docs

¹Decisions on whether a document is shared/non-shared should be based on whether it includes sensitive information that should not be distributed broadly. Sensitive information examples include: salary information of employees, information that is privileged (e.g. legally protected against disclosure).

²Description should not include sensitive information because it is viewable by all users.

³Approvals/Requests are communications regarding various post award subjects. Sponsor approvals/requests are communications between MIT (via RAS, DLC, etc) and the sponsor. Internal approvals/requests are communications within MIT.

⁴Descriptions that include sequence numbers (Example: DE-SC0000789-007 Seq. 11) refer to the sequence of the Quali Coeus delta report that corresponds to changes made as a result of the Amendment/Modification.
