

Overview:

The **Budget Settings** section allows one to modify, if needed, the **F&A Rate Type** (the rate allowed by the sponsor) and the **Unrecovered F&A Rate Type** (the MIT normal rate type for project/activity).

Currently, both the **F&A Rate Type** and **Unrecovered F&A Rate Type** default to *MTDC* for all budgets created in the system, regardless of the proposal Activity Type.

- When the proposal Activity Type is "Organized Research" and Sponsor allows MIT to charge its standard rates, both the F&A **and** Unrecovered F&A Rate Types should be *MTDC*.
- When the proposal Activity Type is "Other" or "Instruction" and Sponsor allows MIT to charge its normal rates, users will need to change the F&A **and** Unrecovered F&A Rate Types to *FUNSN (Fund with Transaction Fee)*.
- When the Sponsor has a different F&A Rate policy than MIT, users will need to review both Sponsor and MIT policies and procedures to determine which selections to make for F&A and Unrecovered F&A Rate Types. **Note:** Additional detailed information concerning this scenario may be found on the "Underrecovery Distribution" Quick Card, or on the "De Minimis Application" Quick Card. Both found on the [KC Quick Card webpage](#).

The following example is based on a proposal with the Activity Type "Other", and the Sponsor allows MIT to charge its normal rates.

Proposal Details
* indicates required fields

Proposal Type: * New

Lead Unit: 150001 - Center for KC Training

Activity Type: * Other

Project Dates: * select
Clinical Trial
Construction
Fellowship - Post-Doctoral
Fellowship - Pre-Doctoral

Project Title: * Instruction

Sponsor: * Public Service
Student Services

Proposal Activity Type
*For proposal Activity Types of 'Other' or 'Instruction' the F&A and Unrecovered F&A Rate Types in the Budget Settings should be FUNSN.

Procedure:

Modifying F&A Rate Type & Unrecovered F&A Rate Type

1. While in the **Budget**, click the **Budget Settings** link at the top of the page.

Figure 2 – Budget Settings Link

The **Budget Settings** window will open.

Budget Settings	
Project Start Date	04/01/2016
Project End Date	03/31/2021
Total Direct Cost Limit	<input type="text" value="0.00"/>
Budget Status	<input type="text" value="Incomplete"/> ▼
On/Off Campus	<input type="text" value="Default"/> ▼
Residual Funds	<input type="text" value="0.00"/>
Total Cost Limit	<input type="text" value="0.00"/>
Unrecovered F & A Rate Type	<input type="text" value="MTDC"/> ▼
F&A Rate Type	<input type="text" value="MTDC"/> ▼
Comments	<input type="text"/>

Figure 3 – Budget Settings Window

2. If your proposal **Activity Type** is 'Other' or 'Instruction', change the **Unrecovered F&A Rate Type** and **F&A Rate Type** drop-down fields in the **Budget Settings** window to **Fund with Transaction Fee (FUNSN)**. Then click **Apply Changes** to save and apply the newly selected Rate Types to your budget.

Figure 4 – Fund with Transaction Fee (FUNSN)

Note: You may also change the **Unrecovered F&A Rate Type** and/or **F&A Rate Type** settings when the Sponsor requires these to be different from the default system values for the selected proposal Activity Type. For example, if the Sponsor allows F&A Rate calculations based on TDC (Total Direct Costs), you would modify the **F&A Rate Type** in the Budget Settings window to **TDC**.

- After clicking **Apply Changes** button, you will receive a **Please Select** window with a message that states '**Changing F&A Rate Type or Unrecovered F&A Rate Type will result in recalculation of budget. You may need to distribute underrecovery. Do you want to change the F&A/Unrecovered F&A Rate Type?**' Click the **Yes** button to proceed with the changes (click **No** to disregard the changes made).
